*Tide of Change*

**Tide of Change has now been  
published in Greek**

*Greek Version of Tide of Change is available at  
[www.Jonahlifeinstitute.com](http://www.Jonahlifeinstitute.com)*

The translation and publication of Tide of Change was a long and tedious project. Credit for this work goes to Ioanna Golfinou, Martha Golfinou, and Sophia Giannatou. Ioanna was my eldest daughter and Jonah's granddaughter, during my Essene life time, and worked often taking Jonah's message to many cultures during that time. Again in this time, Ioanna has brought Jonah's message to the Greek people and beyond.

# Jonah's Newest Message

## INDIVIDUALITY

This message is about creativity and abundance through individuality. Many think of themselves as being their own individual, but their programs can lead them on a life of being someone else. In this message, Jonah will address those who have difficulty in creating their own reality with joy and abundance. This is a powerful message, for those who want to know if it is their own individuality they are embracing.

## Jonah Question and Answer

**For the last 3 weeks we have been traveling and working with our Greek family in Greece and Egypt. The Jonah Question and Answer section will return in our next Jonah Life Institute Newsletter.**

## Questions for future Newsletters

**"Dear Jonah, How will ones create a world religion, based on the concept of conformity that will be acceptable to the many different, tightly held religions that exist in our world? How can one belief system encompass the often opposing belief systems of the various religions? Thank you for your assistance!" Jackie Lloyd, Ramona California**

**How can one tell when they have healed their childhood failure to bond?  
Linda Masterson, Portola Valley, California**

**Jonah**

- 1. If one has not bonded with one or both parents what is the best way to heal that lack of bonding as an adult?**
- 2. If one is working with children who have not bonded with a parent how can I best assist them in bonding? If the child has gone to another family, what would your advice be to help that child bond with their new family and their new family to bond with them.**

**3. If the neuro pathways are already set in the brain, and the child has not bonded, what would serve them... adding new additional neuro pathways .... or with the shift in consciousness will the original pathways come into alignment with the new consciousness?  
Thank you so much, Lyndia Storey**

**Jonah, you said that the Land of the Eagle (U.S.) represents Atlantis. What does the land of the Bear represent?... and the land of the Dragon, what does it represent?  
Thank you, Lance Leonard**

**Jonah, do angels and guides have access to the same information when they are assisting humans? And why do the yogi's spin clockwise and the dervishes spin counterclockwise? Does it create the same outcome?  
Thank you, Kathleen Daly, Denver, Colorado**

**You mentioned that the 3<sup>rd</sup> dimension is for animals. I've also heard that animals can come from other higher dimensions. Will you expand on this? Why do they do this and are the ones that do this a different type of animal? Sharon Soldi, Ramona, California**

**What is the difference between discipline and devotion in terms of how we approach our healing and bring forward our abilities? Sharon Soldi, Ramona, California**

**When I think of a “teacher” or “those who come to assist,” it has a feeling of separation on it – for example “a teacher” is separate from “an individual the teacher is assisting.” How can I shift my perception of a “master” or “teacher” to be more in line with the concept that we are all one? Or how can an individual feel at one with those of a lower vibration and vice versa? Is it to remove judgment? Sharon Soldi, Ramona, California**

**Jonah I would like to better understand your statement “Friends of the heart will never depart, but friends of the mind will scatter with the wind.” What if you have a friend that comes into your life, leaves, comes back, leaves again. I know it is the energy both carry that brings them together and then apart, but how do you know if they are from the heart if they keep leaving. What about friends from an earlier age or a location one lived in before. When you were with them they felt like friends, but the friendship did not continue through time or distance. Does this mean they were not from the heart? Can it be a one sided heart connection, or to be friends of**

the heart it takes both people? How do you know for sure if it is a friend of the mind, given the circumstances I mentioned above. Thanks, Janette Dean, Victor, Colorado

Jonah, during this period of transition and the fear ones hold are there more alien abductions then what usually goes on? Do abductions usually happen around 3:00 AM? If one were abducted does this mean they have an activated implant? If one thinks they have lost time between 3 and 5 am is this an indication of abduction? Is holding self with unconditional love the best way to cease abductions? What other information if available at this time? Thanks, Janette Dean, Victor, Colorado

Jonah “ There are only 7 souls on earth; the rest is done with mirrors.” (Cited from the Newsletter on March 15, 2009). I do not get the existence of only 7 souls on earth. Could you please expand on this? Loula Vretou, Athens, Greece

Jonah, I have friends who are learning and practicing Tai Yi from Hossca and I want to receive the benefits of this healing energy technique. I would like some guidance on how to best approach a practitioner for assistance. For instance, would you suggest that I wait until i have a specific ailment or issue to work on or is the best approach to allow the practitioner and myself to use our intuitions to choose an exercise that I am needing? Ewell Culbertson, Longmont, Colorado

Dear Jonah, Could you please help us understand how can we overcome the mental virus which causes our spiritual sleep?

With respect and love, Katerina Michalopoulou, Greece

Jonah, Will you please explain the learning/healing process of an unborn child's soul as the pregnant mother moves along in her pregnancy? Does the child still work with his/her guides, setting things in motion for the physical life? Do they tend to stay around the mother and/or parents in proximity? Do they stay attached to an age or gender even though they're in the nonphysical? Are they very aware of the present issues within the parents and interact with the parent or parents in accordance to those issues?

Thank you! Tami Urbanek, Monument, Colorado

Jonah, thank you so much for your precious support. You have given us a lot of information about the main things each one has to focus on in accordance with his healing process during these times of change. But what about our small children at the age i.e. of 2,3,4 or 5 years old, how we as parents can support those souls to heal themselves, during this period? What about their core beliefs?

Another question has to do with the traditional ways of healing that no longer support us. What about shamanic healing approaches like soul retrieval or being into a state of a shamanic consciousness through postures and music? Can we call these types of healing procedures traditional? I would like your comment on this tradition which, as I discovered existed also in the prehistoric times in Greece.  
Thank you again. Sophia Tsoumaki, Athens, Greece
