THE SIXTH SECRET

Understanding the Secret Global War
Reclaiming the Power of your Sixth Sense

A Major Global Subliminal Campaign started in the autumn of 2009 will substantially increase in the United States, Canada, Europe, and Australia during the winter of 2010.

Jonah will give 6 steps to refine your sixth sense to SEE, FEEL, and RESIST this global subliminal influence.

Has fear increased?

Has confusion increased?

Has your immune system been compromised?

Has your mind wanted you to give up on your healing, your path and just be normal?

*What traditions have failed to accomplish,
the Secret War will attempt to finish...Jonah*

Jonah's Newest Message

NATURE OF THE BEAST

Jonah's message "**Nature of the Beast**" is a message for deep understanding of the nature of your makeup. Jonah explains why there is no contradiction between evolution and spirituality. Why do humans carry such strong emotions of anger, hatred, desire for war, and the desire to inflict self punishment? Jonah explains the difference between the 3rd and 4th dimension and where humans (the human body) came from. This is a powerful message to understand why you are the way you are with a sense of peace, and why you have the power to change it. Caution, this message may push your beliefs.

BEAUTY OF THE HUMAN SOUL

In this message Jonah talks about the true beauty of the human soul and how the soul works with the human consciousness. Jonah talks about the power of one's ability to create healing. Also addressed are soul aspects and the String Theory in relation to there is no separation in all that exists. Jonah presents a challenge and an exercise to understand the human soul.

A Message from Hossca

It has been stated, "When you lose sight of your goal is when you choose to focus on your obstacles." Having worked with Jonah for twenty eight years in the United States and other countries/cultures, I find a strong common denominator. People become invested in their obstacles. They seem to always have a reason, a painful childhood, failed relationships, ill health (mental and emotional), or just plain tired. What would it be like if you had no obstacles in reaching your goal? What would it be like if your brain became blind to your perceived obstacles? How long can you focus on your goal in terms of minutes, without losing focus? Are your obstacles more interesting? Perhaps if this is so you need a different goal. Perhaps your goal is something someone else wanted for you. If your goal

is fully connected to your pathway there would be no obstacle more interesting than your goal.

My Tai Yi teacher taught me many years ago, the brain is not the seat of intelligence but an organic computer, a set of chemical programs designed to keep the body functioning or malfunctioning. He would say, "You want intelligence, go to the mind. Want more intelligence go to the higher mind. Want even more intelligence go to the heart." He would say, "The brain is the seat of many programs of failure, pain, and tradition. Lose sight of heart goal, you then choose one of many programs of failure." He gave me an exercise to teach the brain to focus. Obtain 13 white balls, golf balls or ping pong balls. If you do not want to invest in having these balls, then take white sheets of paper and wad them up into balls about the same size. Place one white ball in the center of the room you are in. Take the other twelve balls and scatter them about in random order surrounding the center white ball. Sit in a comfortable position and stare at the center white ball. Watch and see what occurs. Does the center white ball disappear? If so, your brain is programmed to focus on obstacles and not your goal. Do the twelve balls disappear and the center white ball glow? If so, your brain is taught to empower your goal. You can use this exercise to teach your brain to focus on your goal and not your obstacles. Do this exercise, two to three times per week until all the twelve balls disappear and the white center ball stays in focus and becomes surrounded by light.

Are you under the influence of others? Are you programmed to fail? Are you programmed to live in pain? How are you being affected by the Global Subliminal Campaign? Remember what Jonah teaches, "This is your life, this is about your life, and this is about the quality of your life."...Hossca

Jonah Question and Answer

What is intelligence? How can ones increase their intelligence so that they are always aware of truth versus a lie? So that they become aware of their punishment programs and the subtle ways they punish self before entering into another cycle of punishment?

With much love and gratitude, Aphrodite Tsalgatidou, Athens, Greece

Beloved, intelligence is allowing the soul mind to see beyond the illusion, beyond the belief systems, beyond traditions of pain. Intelligence is not allowing one's mind to lower itself into the animalistic nature of fear and survival. Listen to our messages "Mind of God" and "Nature of the Beast." Intelligence is making a list of priorities and then removing from that list all that does not support your pathway. What is one doing that does not support their pathway and ask why? Often cycles of punishment are a result of one daring to be different, and then fear of being different comes forward so one will change back to being normal. Their pain depends how deeply one empowers following tradition. Intelligence is being as original as your soul. A saying in your world, "To be a copycat is to be in denial of intelligence"...Jonah

Thank you for your "**Beauty of the Human Soul**" message, and the deepened info on "string theory". I'm excited. I want to know if the matrix of energy strings I saw while taking ayahuasca medicine relates to the frequency strings of energy you were speaking of, or whether they were a part of the energy web created by the plant medicine, or both, since as you say, there is no separation in all that exists. Thanks again for the amazing message. Michael Bohoskey, Durango, Colorado

Beloved that called matrix of energy strings, is not separate from frequency strings of energy we speak of in our message "Beauty of the Human Soul." Sometimes chemicals from natural plants or chemicals created artificially, side step the consciousness and allow the mind to see energy. Although the consciousness of intelligence has the ability to see energy strings without the use of chemicals. The wisest use of energy is to allow one's self to expand their consciousness by means of choice, discipline, and commitment. There are many plants that can cause visions. Remember these plants are part of the evolutionary cycle of the third dimension. They must be used wisely or they cause a devolutionary cycle. One also needs to be aware of using natural or artificial chemicals to see beyond the illusion, as the strings can become entangled causing much pain. We will be speaking on this at a latter time...Jonah

Jonah, regarding "**Children of the 21st Century**", how is their sensitivity to foods related to their abilities? What would you say to a child on ADHD medication about why their body is so sensitive to certain foods (like refined sugar)? Sharon Soldi, Ramona, California

All foods create a chemical reaction in the human body, some natural and some unnatural. Children of the 21st Century, young adults, and some older adults, are very sensitive to some chemical reactions in the body. Meaning this, for one to use their ability in totality they need to have their brain and mind working in harmony. The brain responds to chemical reactions and can shut down certain messages from the mind. An example is refined sugar. Refined sugar is a toxin. When eaten on a regular basis it will shut down messages from the mind to the brain. Refined sugar is highly addictive. ADHD medication also shuts down messages from the mind to the brain. ADHD medication is similar to drugs used in creating mind control, mind submission. These are just examples. There are many different toxic foods that create the same outcome. There are also foods that may not be toxic, where one can eat or drink it with no effect, yet create a strong mental emotional effect on another. Many of these children feel trapped in a world of control and manipulation; they see no way out. Many commit suicide because they feel hopeless. If ye are such a person take extra care of your body, choose wisely what ye choose to put in your body. If ye follow the addictions of food and or drugs, then know that the world ye feel trapped in will only become more painful. Ye need not choose pain, ye are not alone. Seek assistance beyond tradition and see the life ye chose to live...Jonah

Questions for future Newsletters

What about the dinosaurs? What is their story?
Sandi Madison, Deming, Washington

Hello Jonah, I was hoping you could clear something up for me. With 1% of the world population owning forty % of the wealth on the planet, where peoples needs are not met and some starve, it seems to me that our economic money system, Fractional-reserve banking and profit motivation is nothing more then a method of enslavement by creating unnecessary lack in many peoples lives and burying them in debt they will never be free from. I am having a hard time understanding how the elites who make their trillions from an economic system that is built to rob nations and enslave the world population with debt, are manifesting wealth in their lives simply by having thoughts of abundance. These are the same people who use subliminal influence to keep us from our full higher potential. If a person is wealthy from dishonest means as stealing from others, is their wealth due to thoughts of abundance or from theft, or is it all the same? And is a thief simply blessed with his abundance because of his thoughts of such?
Dave Janda, Westminster, Colorado

Jonah, thank you for "[Nature of the beast](#)". I'm asking about Matrix Energetics, a healing technique. Is this a 4th Dimensional attempt to access quantum physics for healing? This appears to access the wave function domain where

pure potentiality exists, pulling in possible solutions through intent and then allowing for a reconfiguration of the atomic structure of the body. The effects are often dramatic, but perhaps short lived. Is this because there is/are missing elements in this approach? Or because our belief systems do not honor and allow for the results? Michael Bohoskey, Durango, Colorado

Jonah a Unified Field Theory is obviously the attempt to mathematically express how the universe works, including quantum mechanics and relativity, micro and macro functioning of energy, all in one beautiful, elegant formula. But as you say, we are attempting to accomplish this from a 3rd dimensional viewpoint/consciousness. And the *strings* of string "theory" are linked to knowingness, a 4th dimensional soul, heartfelt knowingness, which opens the mind to comprehend the patterns we seek. Can it be done? A unified field formula? I had a dream that it was accomplished. But can it be done in mathematical form? Michael Bohoskey Durango, Colorado

Dear Jonah,

Thank you so much for your message "**Nature of the Beast**"! When you refer to the elite, you call them "speakers"- who or what exactly are they speakers for, what energy or intelligence is behind all of this nonsense? What exactly are the children being programmed to do when they "walk away from everything they know"? And why? Is this a global phenomenon, mostly in Western society, or targeted solely in the US? How can we best lessen this influence on all of our children? What is the significance of the dates you referred to that are being programmed? And finally, the spiritual amnesia you describe, when one makes a choice against the heart and knowingness, it seems like you are describing a process that brought *all* of us to the third dimension - is it a commonality we all share? Thank you for being here for us during this critical time of change!
